ISCO3 members who have not paid annual fees

It is informed that the following ISCO3 members have not paid the annual fees (230€ per year) to which all committee members are obliged:

Installments for 2021 (230€) and 2022 (230€). Total owed for each member: 460€

1. Ferreira de Campos Francisco Ubiratan
2. Suzanne Humpries

Installments for 2022 (230€). Total owed for each member: 230€

3. Apuzzo Dario
4. Davis Valerie
5. Llacsa Saravia Victor Leonel
6. Montoya Diaz Miguel Ángel
7. Siqueira Magda

According to the current by laws, "if a member fails without any justification to pay the fees set by the General Assembly the member shall lose the right to vote." If this conduct continues the procedure for their expulsion from the committee will begin.

Consequently, non-payers members are kindly requested to proceed to pay the amount owed no later than December 31, 2022. In case of not doing so, we will find ourselves in the painful obligation to initiate the expulsion procedure.

Also, as of today, the above-mentioned members lose the right to vote.

It is necessary to point out that the Board accepted that the following two members would not pay the annual fee, for justified reasons:

Peretyagin Sergey (2022), because due to the current sanctions imposed by the European Union on Russia, citizens of this country cannot make legal transfers to the European Union.

Sabbah Fadi (2021 and 222), due to the devastating explosion in the port of Beirut in 2020, and the ensuing collapse of the Lebanese economy. As of 2023, this member must pay his annual fee, regardless of the economic situation of his country.

Non-payers members are kindly requested to pay their dues no later than December 31, 2022. To do so, please visit the payment platform at <https://isco3.org/tienda/>

All members are reminded that the only income that ISCO3 has is what is received from the annual membership fees and the sale of the Madrid Declaration. As there are seven members who have not met their payment obligations, the committee's finances are currently on negative numbers.
